Life Progressions

We are born into an existing progression of change, through which we evolve and grow during our lifetime. Being conscious of our position in this succession of change helps us more clearly define and understand ourselves. An awareness of our current life situation relative to a larger, evolving chain of events helps us negotiate the challenges that confront us in our daily lives.

This Life Progression report (based on the technique of Secondary progressions) describes experiences and understandings relative to particular aspects, thus depicting the effect of these planetary aspects on an individual. The report covers a period of at least one year. The time period covered by the text varies according to the nature of the astrological event associated with each paragraph. A paragraph referring to a progressed Moon will cover a much shorter period than one referring to the zodiacal sign on a progressed house cusp. This report is intended to enhance the natal chart, not to replace it. The two go hand-in-hand. The progressed chart brings to fruition the promises of the natal chart.

<p style="text-align:center">Report for Kate Hudson Your Life Progressions for Sep 1, 2003</p>
--

You possess a personal magnetic appeal that draws admiration from others. You have self-assurance, coupled with a dramatic flair that desires to be the center of attention. You may speak more loudly than you have in the past. You want very much for others to hear your opinions and may, at times, be too aggressive in the attempt. Upgrading your appearance is important, as you seek the latest styles and better quality. You want to project an air of authority, and you long for personal independence in your career. If you do not have your own business, you would prefer the role of leadership in a supervisory position. This is the time to undertake new studies that can aid you in the career of your choice. Romance and investments are highlighted -- as are the affairs of children (not necessarily your own). Someone within your immediate environment may experience problems with their eyes, back, or heart. The position of your progressed ascendant ruler, Sun, can provide additional insight into new circumstances and motivational influences touching your life at this time.

A personality change may occur in anyone who, during the formative years, has progressed Saturn entering the progressed first house. Youth finds it difficult to handle the restrictive and delaying elements of this placement. As a result, one may rebel against what they feel are unnecessary hindrances and undue responsibilities. Some may become belligerent against those in authority whom they feel are bearing down too heavily on them. A serious state of mind or mental depression and a lack of self-confidence may be present. Constant encouragement and praise in their accomplishments (no matter how minor), coupled with lots of affection, can help to smooth these difficult times. Braces on the teeth, skin problems, or correction of the bony structure of the body often accompany this placement. Should Saturn progress to the first house during adult years, there is a readiness for assuming responsibilities. Organizing ability is enhanced. Others recognize your strength and endurance in handling difficult tasks. As a result, you may be placed in a supervisory position. The government, political parties, or individuals of rank and authority, a parent, or an older individual will have a long-range influence upon your life. Soup and hot beverages can do wonders in warding off chills and colds during the change of seasons.

Ascendant Trine Sun (Prg-Nat) Oct 7, 2003

There is a strong desire to achieve recognition or advancement in life. Social affairs are activated and, in general, all personal affairs should be progressing well. This is a good time to seek favors from a parent or other figures of authority. Men can be helpful

in your rise to a position of management. For women, marriage sometimes takes place during this trend. This influence instills good recuperative powers and should help to offset any health problems you may have had in the past.

Constructive developments, either through work or business, can enhance your financial structure. Although formerly you may have detested routine work, you will probably find yourself in a position where proper attention to details will be required. Your daily routine may involve keeping records of travel expenses or of special equipment purchased in your line of work. You may be spending more than you have in the past for health care or products -- not necessarily for yourself, but possibly for your marriage partner or a domestic pet.

Joint monetary resources will play a dominate role in your life during this trend. You will either give investments serious consideration, consolidate your bills, pay off a mortgage, apply for a loan, go bankrupt, or increase your insurance. If you are married, your spouse may go on social security, sick benefits, or an early retirement. There is the possibility of working in collaboration with others on a project that involves joint monetary arrangements. You may be placed in a position of writing payroll checks, handling insurance claims, making out wills, working in the medical field, or in any position where you have control over a department, people, or machinery. IRS auditing is possible, so keep good payroll records and precise income tax deductions.

Circumstances warrant a diplomatic approach in your everyday contact with others. You may find yourself in the role of doing public relations work where finesse, charm, and a persuasive manner are a must. You may make a considerable number of short trips in connection with pleasures, social activities, and business. Companionships will be an essential factor to your mental well being, as you find little pleasure in doing things alone. It is possible that you may enter into some kind of mutual enterprise with a brother or sister. In other cases, you may have to keep records for your marriage or business partner.

The mental outlook on life has undergone a sudden change. Studies, conversation, and personal interests are tinged with the element of the unconventional. Sometimes there is a testing of other people's reactions through abrupt, unusual, or way-out remarks. There is originality of thought and a leaning toward the scientific, computer, astrological, or metaphysical subjects. You have the ability to make snap decisions, especially when an emergency arises. You have your own ideas and views which are not influenced by the opinions of others. There is a desire to mingle with intellectual groups, requiring frequent short trips to seminars, lectures, or classes. Unexpected phone calls or letters can abruptly change one's course of action or direction. Sensible auto maintenance can help prevent sudden breakdowns, especially with battery or electrical parts.

There appears to be a lot of tension, emotional upheaval, and turbulent events surrounding your home life. This may account for your desire to be a loner, remain aloof, and keep your private life to yourself. Changes are likely to occur regarding property and finances. Severe weather conditions may have damaged your home, requiring insurance settlements and a rebuilding of the unit. Or, job and marriage difficulties may call for a second mortgage. In some cases there is loss of a family member, usually a grandparent. Whatever the situation may be, you have the extraordinary will-power to handle it. This sign is associated with surgery on the sexual parts in connection with one of the parents.

The secretive, sensitive trends of the past few years are changing for the better. An optimistic, outgoing, and genial attitude will draw new friends and acquaintances into your social circle. They will be of different nationality, and from all walks of life. If travel is not feasible, than correspondences from distant places are likely. You are positive in your views concerning your future aspirations. There is a willingness to seek new opportunities for advancement in business and in personal affairs -- new vocational interests in which there is freedom of movement and decision. Thoughts will be centered on whether or not you should return to school and further your education. There is a possibility that religion, travel, publications, legal matters, or in-laws will require personal attention. This is a good time to join a health spa or participate in an exercise program that increases natural energy. Note the house position of your progressed Moon to determine the area of life this sign is likely to influence.

This trend seldom passes without some kind of change or altering of conditions within the immediate environment. Someone is likely to leave or enter your home base. Be selective of whom you share your living quarters with; they can have a positive or negative affect upon your emotions. Nothing is more disturbing than lack of peace and harmony in the serenity of the nest, which is your protection from the outside world. Should the situation warrant it, you may decide to purchase or sell property. Moving, enlarging, or remodeling of your present home or apartment is yet another possibility. Affairs of parents, a parent-in-law, or another close member of the family may require your personal attention. Note the sign position of your progressed Moon for additional influences affecting the home base.

Moon Sesquiquadrate Mars (Prg-Prg) Mar 11, 2003

Impulsive decisions or hasty actions can lead to possible accidents or quarrels with loved ones. Abrupt statements made at this time are likely to be cause for regret later. Don't push for important changes or take unnecessary risks. Work out this excessive energy through repairing, painting, or completion of difficult tasks. Be aware that certain risks are involved. Use caution in new undertakings or ventures.

Moon Sesquiquadrate Sun (Prg-Nat) Apr 7, 2003

Physical stamina, vitality, and your general state of health may not be up to par.

During the next few months all relationships are best kept at arm's length to avoid possible disputes or confrontations. This is not the time to push ahead in business or personal endeavors. Obstacles and drawbacks are likely to hinder or impair potential opportunities.

Moon Sesquiquadrate Jupiter (Prg-Nat) Apr 28, 2003

There is an inclination to spend more than you can afford, with the possibility of overextending yourself financially through extravagance. Although your intentions were good, you may discover that you have promised more than you can actually deliver. Irritability may be present in your make-up. During this trend it may be best to avoid too much contact with close associations and family ties. Watch your health, and don't overindulge or overexercise.

Moon Semisquare Moon (Prg-Nat) Apr 28, 2003

Take time out for frequent rest periods or brief naps as your vitality and energy level are rather low. The next three months are not the best time to seek favors from women in general. Emotional instability may cause one to over-react to minor, yet critical statements made by others. Family members may not be as cooperative as you would like. It is an emotionally trying time, in which you should seek quiet periods of isolation, and avoid public contacts for a while.

Moon Sesquiquadrate Midheaven (Prg-Nat) May 31, 2003

There is a possibility of undesirable changes in the domestic circle or through one's career. Emotional instability can push you into seeking an ultimatum from those you love the most. A new boss with whom you do not get along can cause emotional upsets. Affairs of grandparents or a parent may require your personal attention and concern. You may find yourself being drawn into the unpleasant task of resolving a family crisis. Parents can be quite demanding of your time and attention during this trend.

Moon Sextile Pluto (Prg-Prg) Jun 18, 2003

A positive time in life in which new beginnings or changes take place. You will have the will-power to eliminate that which is no longer useful or banish undesirable habits such as overeating, smoking, or nail-biting. This is a good time to review and update, if necessary, your home, car, or life insurance. Investigate investment programs that can help you achieve emotional and financial security. There is the likelihood of monetary or material gain through the resources of others.

Moon Conjunction Neptune (Prg-Prg) Sep 3, 2003

During this trend you may experience prophetic dreams, psychic phenomena, or the ability to read the other person's mind. This is a creative period that will enable you to escape from the harshness and reality of life by indulging yourself in painting, music lessons, dancing, ceramics, or cake decorating. You may come in contact with unusually gifted people. Some may be phonies, pretending to be something they are not. Others may be mentally, emotionally, or physically handicapped. Keep an invisible barrier around you, to guard against the distraught ones that will attempt to use you as a sounding board for their troubles. Hospitals and other places of confinement may directly or indirectly touch upon your life.

Moon Sesquiquadrate Mercury (Prg-Prg) Oct 1, 2003

A possible lack of mental clarity may require the use of caution regarding speech and the written word. Misinformation and false statements can lead to quarrels and disputes with business deals, neighbors, or family members. It is best to ignore unreliable rumors and gossip that can open you up to verbal attacks and possible quarrels. Delays and setbacks make it an unfortunate period for travel, business, or starting new ventures.

Moon Quincunx Sun (Prg-Prg) Nov 26, 2003

Safeguard your health, as there may be a noticeable change in your physical stamina. It may be due to a stressful and emotional condition involving the care or responsibility of another individual. Or you may be working extra hours at your place of employment, with lots of hard or detailed work. You will have to make some kind of adaptation or adjustments in your daily routine if you are to handle all that will be required of you. It is not necessary to tackle all the problems alone. Seek the assistance of others, even if you have to lower your pride a bit in the asking of their help.

Moon Sesquiquadrate Ascendant (Prg-Nat) Dec 28, 2003

Emotional and domestic difficulties, especially where women are concerned. They are likely to be a source of irritation or interference with personal plans. This could result in a break-up of close emotional ties -- perhaps a separation from a loved one or parent. If running for public office, it would be wise to seek the counsel of someone experienced in public relations. Your own image will not project as well as you would prefer. A PR person can help to smooth the rough edges.

Moon Trine Venus (Prg-Prg) Feb 9, 2004

Unless other conditions are prevailing in your life, this should be one of the best periods for financial success and social advancements. Your feelings and emotions are aroused and will find a satisfactory outlet through present or new attachments. Should situations permit, this may be the time for engagements or marriage. Social functions, invitations, and receiving of flowers or gifts are highlighted. One may also look forward to a prosperous time for finances or investments. While these opportunities may present themselves, it will be up to you to take the initiative and promote these activities into action.

Moon Square Venus (Prg-Nat) Feb 11, 2004

During the next three months, more than any other time, you are likely to be misunderstood and easily hurt. You may be too sensitive, permitting personal feelings to dominate over reason. Matters concerned with close ties, romance, or associations may not be going as well as you would like. This is not the time to push for an ultimatum; it more than likely will end in a disagreement or separation. This is not the best time for dealing with the opposite sex, or with social or domestic affairs. Temporary financial setbacks may also pose a problem.

Moon Trine Mars (Prg-Prg) Apr 30, 2004

The following three months can be a highly productive period if your energy flow is properly directed. Make positive use of all opportunities that come your way. Be ambitious and enterprising, and push personal affairs toward new ventures and undertakings. Be assertive in changing your life-style or environment if you feel hindered in your present situation. This is a good time to travel, purchase a new car, or tackle projects that require extra energy.

Moon Trine Sun (Prg-Nat) May 4, 2004

This is a very successful period and can aid in the realization of your fondest hopes and ambitions. Apply personal efforts toward new opportunities in business advancements or embark on new enterprises. Make new friends and increase social contacts. Close ties and those in authority can be of beneficial help and assistance during the next few months. There is a possibility of renewed emotional and affectional feelings as you develop a close bond with a new relationship. There should be an increase in vitality, with a personal sense of well-being. This is one of the most auspicious periods for recuperation or overcoming past illnesses.

Moon Trine Ascendant (Prg-Prg) May 17, 2004

Emotional stability and good judgment can open the door to new opportunities for advancement. Seek positive changes in all directions of life, whether vocational, domestic, or personal. You exude great rapport at this time. Social contacts with women, and the general public, can produce beneficial results. Family matters should be on even keel, with a general feeling of contentment.

Moon Quincunx Jupiter (Prg-Nat) May 24, 2004

The trends are fairly good during the next three months for financial, business, and social affairs. This is a period of time in which one should review present progress and concentrate on sowing the seeds for future growth and expansion. Consider the consequences of any new ventures or undertakings. Can you handle additional projects? Can you fit them into your busy schedule without undue stress on your health? A sensible diet and exercise program along with avoiding excesses, can do wonders for renewing your vitality.

Moon Trine Midheaven (Prg-Nat) Jun 26, 2004

This is a three-month period in which one should take advantage of all opportunities for advancement and positive career changes. You have great rapport with bosses, those in authority, and the general public. This is a good time to contact those who can help you rise to a higher social status. You may receive an award or recognition for a personal achievement, possibly get your name or photo in the local newspaper, or appear on television or radio.

Moon Square Mercury (Prg-Nat) Jul 14, 2004

You will have to be careful when dealing with correspondences, documents, purchase agreements, contracts, or important phone calls. There may be some misleading statements or lack of clarity in verbal details that can easily be misunderstood. It would be wise to double check such matters during this trend. Negotiations, appointments, or business meetings are likely to undergo an upsetting change of plans. Too many projects can be demanding of your time and force a delay in promised deliveries. Should travel be necessary, use precaution by having the car checked in advance by a reliable mechanic. Disputes or matters of concern will surround the affairs of brothers, sisters, or other close ties. In general, these three months are not favorable for travel, purchase of a car, new ventures, or business.

Moon Semisquare Uranus (Prg-Prg) Sep 1, 2004

Mental irritability and an erratic state of mind may lean toward abrupt actions without proper forethought. Rash and hasty decisions at this time may be cause for regret later when this trend has passed. Be prepared for changes that you may not like, but that may be necessary in the scheme of things. Be selective of new relationships, friends, and the opposite sex. You may be drawn to the bohemian or peculiar types that will not be conducive to your well-being. This is a time in life when one becomes bored with daily routines and desires to run off into new horizons.

Moon Trine Saturn (Prg-Prg) Nov 26, 2004

Conditions should be rather calm during the next three months, with a steady influence that holds the promise of long-range benefits. Benefits that will not vanish after this trend has passed, but will continue to produce permanent advantages. At this time you have the ability to work in seclusion on hard and difficult tasks. Gains or advancements may result from good organizing ability and a willingness to carry out responsibilities and duties without hesitation. Government officials, those in authority, a parent, or friends of sobering attitudes may prove to be of assistance. There may be public recognition for past efforts and hard work. This is a time to consider long-term plans for future gains, rather than immediate results.

Moon Trine Mercury (Prg-Prg) Dec 24, 2004

Your mental energy is stimulated and flows with a positive influence. It should be easy at this time to learn and grasp more knowledge than usual -- to undertake, and pass, driving or written tests. This is a fortunate and successful period for all mental applications. Excellent for writing, handling of correspondence, and negotiations -- buying or selling of property and real estate. Be alert for new business opportunities.

Favorable trends for traveling, and for affairs of siblings and other close relationships.

Psychic ability is enhanced. An interest in music may encourage you to purchase a piano, organ, or another instrument for your home. Unusual conditions may surround various members of your family. A child may require corrective braces on their feet. Your home may take on a hospital atmosphere when a parent or marriage partner develops an illness requiring constant care, nursing, or medication be administered. Look for your ideal home during a rainstorm to eliminate the possibility of a leaky roof or basement. Be on the alert for gas odors, or sewer and plumbing problems. Secret or mysterious situations may surround your home base or the affairs of a family member.

It is possible to play the role of instructor during this trend. You are quite versatile in your hobbies and talents. Why not contact your local adult education center and see what you can offer? You are less intense in your romantic attachments, seeking partners that are more outgoing, sports minded, and of the same intellectual caliber. Children are thinking about a college education. Others may move to distant cities, which may activate future travels on your part. At some point during this trend, you may have to assist a child in resolving a legal issue. Your second sibling may temporarily relocate. If interested in investments, look to foreign products, exports, airlines, and sporting goods.

You are developing strong traits in organizing ability, efficiency, and acceptance of responsibility. You work well alone, and at some time during this trend, you may have to work the evening or night shift. There is a strong possibility you may work for the government, or there may be a governmental contract at your place of employment that requires you to wear an identification badge during this trend. If you are on salary, there is the tendency for supervisors to burden you with more than your share of work. Your only alternative is to demand extra monetary compensation. Make it a point to have lots of hot beverages and plenty of soup during winter months to keep the body temperature warm.

Friends, clubs, and associations will be instrumental in providing you with an active social life. You are seeking a marriage or business partner who can act independently and decisively -- but not erratically, for you are a fixed sign and like a certain amount of routine in your everyday existence. Accept your partner's needs and desires for close friendships, whether you approve of them or not.

You have a vivid imagination when it comes to sexual fantasy. The ideal romantic atmosphere would include a mixed drink or two, a sheer nighty, dim lights, soft music, and the pitter-patter of rain drops on the window pane. You are also quite sensitive and easily hurt if someone should criticize your sexual proclivities. Always make it a point to

save your receipts and records with major purchases. It will help you avoid a constant flow of confusion through billing systems and computers that keep insisting you owe them money. Be alert to possible deception through partnership funds or investment schemes. During this trend it is possible that institutional or private care of someone who is emotionally, mentally, or physically ill may be financially draining.

Distant matters, higher education, and travel will require your personal attention. It is possible you will take a course in the martial arts or learn the basic rules of sports such as volleyball or racquetball. You may have to travel alone from time to time, perhaps in connection with your vocation. Legal action on your part is likely to be over mechanical defects of a large purchase or a possible accident.

Your progressed Sun in Taurus projects more fixity of purpose in your character. You have an amiable disposition, steadfast and patient.
